OBJECTIVE

Rosults-driven Software Engineer and Data Scientist with over throc years of experience in mobile app development using Flutter, along with backend development in PHP, Python, and Node.js. Proficient in machine learning and deep learning engineering, leveraging Python to create robust and stable systems. Committed to contributing to innovative projects and collaborating within dynamic software development teams to drive impactful solutions. Dedicated to continuous learning and staying at the forefront of technology trends to enhance project outcomes.

RELEVANT EXPERIENCE

Board Member and Head of Technology, AFRIQ Achieved successful launch of afriq Cameroon website through effective use of React. Delivered customized management systems for multiple soctors leveraging React, Nest.js, Python, Django, and FastAPI. Facilitated seamless payment gateway integration with Spring Boot, improving transaction efficiency.	11/2025 – Present Bamenda
--	------------------------------

Lead Mobile Developer, SKYES TECH - Engineered innovative mobile solutions to enhance user experience as a Flutter Developer at Skves. Bamenda. - Led backend development initiatives utilizing Node.js (Express.js) and MongoDB. - Oversaw frontend projects with React.js to enhance user experience. Coordinatod with cross-functional teams to achieve project milestones.	05/2025 – Present BAMENDA, CAMROON
---	---------------------------------------

Web Developer, Freelance Achieved successful web application launches through proficient use of PHP, JavaScript, CSS, and HTML. Enhanced user engagement by implementing responsive design tech- niques. Improved application performance by optimizing code and streamlining processes.	06/2022 – Present Bamenda (Remote)
--	---------------------------------------

Software Engineer Intern, TekSynapse-AI-Limited - Led a team of interns in the execution of Laravel, Django, and FastAPI projects. - Oversaw project timelines and deliverables to ensure alignment with objectives. - Fostered a collaborative environment to enhance team productivity and project quality.	09/2025 – 02/2026 Limbe Cameroon (Remote)
--	---

PHP, HTML, CSS, Bootstrap, MIA BAMENDA WEBSITE - Delivered Mia Bamenda website through effective use of PIIP. Achieved function- ality of a student management system also constructed with PHP. - Analyzed content on www.miabamenda.com to inform project development and exccuton.	05/2024 – 11/2025 Bamenda
--	------------------------------

Data Science Intern, Skyes Tech

02/2025 – 05/2025

- Executed detailed analysis of real-world datasets, employing Python for accurate insights.
- Applied Python and Sci-kit Learn (sklearn) to design and optimize machine learning models for various applications.
- Executed deep learning initiatives involving image recognition and object detection, leveraging TensorFlow, PyTorch, and YOLO for optimal performance.

Mobile App development, SKYES TECH08/2024 – 10/2024
BAMENDA, CAMEROON

- Participated in internship program focused on mastering Flutter for effective app design and implementation.
- 1
- Engineered a user interface for an Instagram clone, focusing on user experience and visual design.
 - Created and launched an event posting and planner app, streamlining the process of organizing and promoting events.
 - Designed and implemented API architecture for Event Up application, leveraging PIIP Slim framework and MySQL for efficient data management.

Backend intern with PHP, SKYES TECH02/2024 – 04/2024
BAMENDA, CAMEROON

- Developed backend applications with PIIP, such as task management systems, blog sites, and contact management systems
- Collaborated with the team to develop a birth certificate generating system.
- Built some APIs

EDUCATION: B-TECH**Data Science, COLTECH, University of Bamenda**

08/2026

Relevant Coursework: Algorithms, Data Structures, Database Systems, Artificial Intelligence, Software Engineering, Artificial Neural Networks

Bamenda, Cameroon

ADDITIONAL SKILLS**Programming languages**

Python, PHP, Dart, C, C++, SQL, JavaScript, Java, TypeScript

Database management

With MYSQL, POSTGRES, MONGODB

React, Flutter, HTML, CSS BOOTSTRAP

Experienced with

FastAPI, Flask, Laravel, Spring Boot, Nest.js, Express.js

LANGUAGES**English**

Full Professional

French

Elementary
